Better together Fabric Band

Light and comfortable
Optimized for sleep

Power to do more in your day

Keep your day running smoothly, even when you've left your phone behind. You can make calls, send texts and stream music directly from your Galaxy Watch6 Classic. Or locate your smartphone using the Find My Phone feature on your watch.^{17,18,19,20}

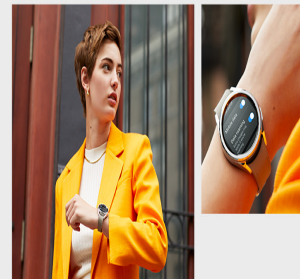

Samsung Wallet is always on hand

Access Samsung Wallet right from your Galaxy Watch6 Classic. Make payments, ride public transit, scan membership cards and more. You can even store non-payment items like digital IDs, tickets and keys, to lighten your load and empty out your pockets.¹⁸

International Roaming keeps your world within reach

Whether exploring a new city, hiking in the mountains or lounging on a beach, international roaming keeps you connected to loved ones, or help you call for reservations and even access important information.^{19,21}

Begin with your watch, follow up on your phone

Team up with your Galaxy Z Fold5 to monitor your progress seamlessly. Use your Galaxy Watch6 Classic track your workouts and health stats. Then sync your watch with the Samsung Health app to graph your activities on a larger screen, including your daily steps, workout intensity, heart rate and more.¹

Hands-on shooting, hands-free

Pair your watch with Galaxy Z Fold5 to capture the healthy you up close or from a distance. Galaxy Z Fold5's Flex mode and Camera Controller let you easily switch between photo and video mode, or zoom in and out, all from the comfort of your wrist. Then tap the shutter button on your watch to take a pic.^{17,18}

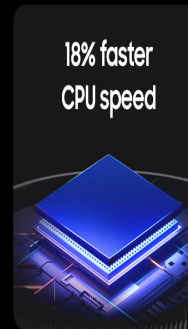

Charge up in record time

With one full charge, the watch lasts up to 40 hours. Fast charge the watch to 45% in just 30 minutes.

More processing power to do more with every minute

Get up to 18% faster CPU speed with Galaxy Watch6 Classic.

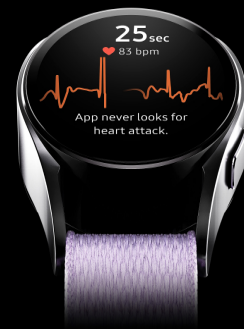

More screen. Thinner bezel

Experience enhanced visuals and clear motion graphics on a 20% larger display with the 15% thinner bezel.

Introducing ECG on Galaxy Watch6 Series

Keep a watchful eye on your blood pressure
